

STREAM CARDS COOKIES POLICY

1. StreamCards S.A. with its seat in Warsaw, address: Burakowska 5/7, 01-066 Warsaw, Poland (hereinafter referred to as "StreamCards") administrates services as regards StreamCard's activities i.a. <http://www.streamcards.gg>; Twitch Extension - StreamCards and StreamCards Leaderboard ; (hereinafter jointly referred to as "Services").
2. This document (hereinafter referred to as "Policy") provides terms and conditions of use of services by Users as well regulations as regards so called "cookies files".
3. StreamCards provides for the benefit of users ("Users"), electronically supplied services connected with use of services and Twitch Extension, in particular as regards: (1) access to information, (2) reviewing and downloading specified documents and materials, (3) communication with StreamCards, (4) use of other functionalities available on services and Twitch Extension ("Website Services").
4. Term "Users" refers to natural persons, legal persons and an organizational entity without legal personality which was statutorily granted a legal capacity.
5. Agreement as regards electronically supplied services is concluded upon commencement of use of Website Services and is terminated upon termination of use of Website Services unless use of Website Services is permanent by its nature (in this situation agreement shall be terminated upon cease of Website Services or its termination by one of the parties).
6. Website Services are provided on a fee-of-charge basis.
7. Use of Website Services as regards electronically supplied services requires prior installation of website browsers.
8. Users are not allowed to provide any illegal content in particular comments and opinions being offensive, vulgar, racists, degrading or similar in nature.
9. Use of Website Services shall not result in any special (high) risks as specified in art. 6 sec. 1 of the Act on Electronically Supplied Services (Journal of Laws, 2002, No. 144, pos. 1204 with further amendments). However, StreamCards points out that use of Website Services may be associated with general risks of using Internet networks in particular as regards malware (i.a. spyware, spam, data removal, viruses, trojans). In order to avoid potential risks of using the Internet, Users should use proper equipment and anti-virus software being systematically updated.
10. Users at their sole discretion may use system protections and continuous information support.
11. Users may submit complaints in all matters regarding Website Services. All complaints should be submitted to StreamCards's registered office or with use of the following e-mail address: hello@streamcards.gg. In case of complaint please indicate data which allows us to identify User (name, address, e-mail) and specify the problem being the basis of such complaint. StreamCards shall use its best efforts to respond to complaints within 30 days of its delivery. If such a complaint cannot be handled in the mentioned term, StreamCards shall inform User about the cause of delay and indicate the expected term of complaint examination. StreamCards shall

inform User about resolving complaints by email form on the address indicated by User.

12. User use cookie technology while using Services. Cookie file is type of information which StreamCards's network server sends to User's computer upon accessing to services. StreamCards uses or may use cookies files as follows: 1) session files - in order to use technical data saved during use of services and transfer to other sites as well as to use such technical data to improve use of services. Such file shall not contain any personal data allowing to identify User and exits solely during given sessions of using services, 2) log files and multiple use files which may be installed on User's computer during login on services in order to save data for the purposes of such login (if applicable). Such files may be used solely for the comfort of User in order to avoid further information introduction and verification during following logins. Such a file is stored on the User's computer for an indefinite period of time, even after leaving the Website. For verification of cookies files please check settings in your website browser. Limitation of use of cookies files or its settings may influence the scope of use of services by User. If cookies files are blocked by User, most content of services shall be still available, however particular functionalities may not be available to User (i.a. registration). StreamCards does not allow the installation of any cookies files by third parties on User's computer with use of services.

13. StreamCards is not responsible for content or privacy policies of external services administered by third parties.

14. This Policy is applicable as of its publication on Website. Content of Policy may be amended from time to time (i.a. law amendments, technical amendments, new security measures, change of services functionalities). User is bound by the version of Policy most recently published on the Website.
